

MEDICAL PROCEDURE ESCORT

2020 Rates & escort options for NYC, Long Island, Westchester and N.J. patients.

NYC resident, NYC doctor's office

1. If the patient drove to the doctor's office, the escort can drive the patient home, in the patient's

personal vehicle. The escort will sign in the doctor's office if requested and then upon arrival at the patient's residence, the escort will then park the patient's vehicle, help the patient out of the vehicle, and then walk the patient to their front door, and ask if she/he is ok to care for themselves and does not require additional services, before departing.

\$42 per hour, plus tax (3-hour minimum booking)

2. If the patient wants to take public transportation to see a doctor, who is located within the five boroughs, and then have the escort meet them at the doctor's office.

The escort will sign in the doctor's office, if requested, and then upon leaving the doctor's office, the escort can flag down a taxi for the patient, and ride with the patient home. Upon arrival at the patient's residence, the escort will then help the client out of the vehicle, and then walk the patient to their front door, and ask if she/he is ok to care for themselves and does not require additional services, before departing.

\$42 per hour, plus tax and the cost of the taxi, (3-hour minimum booking)

3. If the patient wants to be driven to the doctor's office, in the patients' car, or our car, or only picked up from the doctor's office in our car.

In patient's car - \$42, per hour, plus tax. (3-hour minimum booking)

Company sedan - \$70, per hour, plus tax (3-hour minimum booking)

Company SUV - \$80. per hour, plus tax, (3-hour minimum booking)

Some vehicle bookings may cause the client to incur parking fees, if the driver must park and enter the doctor's office.

Staten Island, Long Island, New Jersey, and Westchester patient's. We only offer option #3, due to lack of public transportation options for the escorts.

A. If patient wants to use his/her vehicle - We must pick the patient up at the patient's home and transport the patient in the patient's car to and from the doctor's office. (3-hour minimum booking)

B. We can pick the patient up at the patient's home in our company vehicle and transport the patient to and from the doctor's office, (3-hour minimum booking) or

C. We can meet the patient at the doctor's office and transport the patient home in our company vehicle. (3-hour minimum booking)

Note: Some escorts which require the company vehicle, which start or end outside of the five boroughs **may require travel time and tolls** to and from the destinations, to be added.
